Congratulations on purchasing Norberts' E.Z. Rider Trolley. We are confident you will find it a useful addition to your program. It has been ruggedly made to provide years of enjoyment. Here are a few tips and WARNINGS to help you get full use out of your New E.Z. Rider Trolley:

REMEMBER! Any activity involving motion or height creates the possibility of serious injuries, even death. This **E.Z. RIDER TROLLEY** is intended for use by **ONLY** properly trained and qualified participants, under supervised conditions.

Participants should be tested before riding the trolley to make sure they have the ability to **HOLD ON** for the entire duration of the ride.

Use without supervision is **DANGEROUS** and should **NOT** be undertaken or permitted.

The **E.Z. RIDER TROLLEY** is designed for use by only one rider.

NEVER use the **E.Z. RIDER TROLLEY** without the **E.Z. RIDER PAD**.

NOT RECOMMENDED FOR CHILDREN UNDER AGE 3.

NEVER mount the **E.Z. RIDER TROLLEY cable** at an angle. Even the slightest angle will increase the riders speed dramatically. **ALWAYS** run the **E.Z. RIDER TROLLEY cable** parallel to the floor. **BOTH ENDS OF THE CABLE** should be fastened at the same height, which should not exceed 6'(1.8 meters) from the ground.

MAKE SURE the connection points of the **E.Z. RIDER TROLLEY cable** will support at least 5 times the weight of anyone using the trolley.

AS WITH OTHER EQUIPMENT, always **CHECK** the trolley for wear and **INSPECT** end fittings before each use.
