

## FLAMMABILITY & FLAME RESISTANCE DATA

Attached are data sheets listing flammability and/or flame resistance specifications for plastic materials we may use to manufacture products and/or supply directly to consumers. Where possible, complete material data sheets are also included.

A unique alpha character identifies each of these documents as follows:

Sheet "A"	Pit Foam Cubes.
Sheet "B"	All Other Polyurethane Foam.
Sheet "C"	Crosslink Foam (both Plain and Carpeted).
Sheet "D"	Vinyl Cover Fabric Flammability Compliance StateEment
Sheet "E:	Vinyl Cover Data Sheet
Sheet "F"	Mesh (Breather) Fabric Compliance
Sheet "G"	Mesh Fabric Data Sheet

Each is now available sepately as well (using description shown above as its title).

Material Data documents for other select components and/or elements are also online (or are now being compiled & prepared for publication in near future).

If you require any additional information or clarification, please contact us using the addresses and/or numbers below.

Sincerely,

Norbert's Athletic Products
