INFORMATION REQUEST

G-854 CEILING MOUNT RING SET

NOTE: Since ceiling heights and beam configurations are generally unique to each facility, we custom manufacture each Ceiling Mount Ring Set. Before we can begin work on your ring set, we will need the following information:

Thank you for ordering Norbert's G-854 Ceiling Mount Ring Set.

In order to make your Ring Set, we need the following information about the room in which you intend to install your rings:

Ceiling Beam type: _____

Distance from floor to bottom of beam: _____

NOTE: Rings adjust approximately 1' higher/lower than manufactured length to allow for matting.
If you want your rings to hang lower than regulation height, please provide the desired distance from floor to rings: _____

Please return this form by mail or fax (310-830-6675) as quickly as possible.

If you have any questions, please call Norbert's at 310-830-6672.

Thank You
